
Letter One page, two sides
Paper. Plain paper, no lines 8-7/8" wide by 7" tall
No envelope

Grand Rapids, Mich.,
Mar 3, 1899

Dear Sister, Bro. And Harold,-

I was very sorry to hear of your sickness which seems to be quite a common thing in the family. I would have written before but, of course, I expected to be in Dennison to-night but I am not, you see, much to my disappointment.

We received a letter from Pa Tuesday saying the event would be postponed until next Sat. I was very sorry but still more so to hear you were all sick. Hope everyone will be well next week.

How is Will & Harold. Let us know soon as possible how they are getting along. I received another postal from Pa to-day saying they were some better and I was glad to hear it. He said also that Will G. was better. I would like to see Harold. Can hardly wait another week, though I am kept almost busy going to school & to church. We have to go to church three nights in the week and twice on Sun.

I go to school quite steady have missed only two days since New Years. I like it very well, better every day.

We are all well except Frank, he has a very bad boil on the back of his neck. He has not worked since Wed.

I guess that Kitty Hoban is some better but the little boy next door is no better.

We got the Observer to-day so we know all the news. Be sure and let us know how they are.

I will close hoping to see you all soon.

I remain your loving
Sister, Nora G.
