Dear Lizzie,

I got a card from **Mary Noble** this morning saying that we could have the rooms. She did not say which ones but Mr. Amer does not want them so I suppose we can have our choice. I have not heard from Mr. Tuxbury. I think we had better settle in our old place, don't you? And do not see as there is any thing else we can do.

We will move tomorrow, will we not? And had better go in the morning between nine and ten so that we can get every thing settled by night.

We might look around tomorrow some and if we find anything that suits us better take them, but I do not want to make a special trip for that purpose. Have not time. I am doing my Saturday's work today. Preparatory to moving tomorrow.

So we will probably meet at our future abode tomorrow. I guess we had better take a lunch with us.

Good bye
Ella

I sent Mary a card this morning telling her what we would do I hope she will get it and will be on time with her pack.
