My Dear Friends

I received your letter every sune. I got a letter from Hattie the same day. I am well and hope the same of you. I wrote Emma and Gert and got a letter not very long ago. We have the same teacher this term again. Her name is Hattie Hunt. Last term there were fifty-five scholars in our school. I bet your going to teach the evergreen school again this term. I expect to visit Emma on vacation. Our school will stop in three more weeks and then we will have two weeks vacation.

Henry would like to have you come and teach our school. I like the place better than I did before I got acquainted with good many around here. This is all I can think of now. Write back.
